

CT5510: Computer Graphics

PA#1

BOCHANG MOON

Programming Assignment Policy

- Programming assignment: 20 points of your final score (maximum 100 points)
- Rule
 - Late submission: 0
 - e.g., 1 second late? Still 0 point
 - What if you copy somebody else's code?
 - Your final grade will be "F".
- Assignment score:
 - $Score = 20 \times \sum_{i=1}^n \text{your score for } PA_i / \sum_{i=1}^n \text{Maximum score for } PA_i$
 - *n*: total # of assignments
 - I will decide it dynamically based on your progress.

Programming Assignment #1

- Problem specification (5 points – maximum score)
 - Understand the skeleton code (0)
 - 0 point, but it would be necessary for next programming assignments.
 - Change the title bar with your student ID. (5)
- Submission:
 - Due date: 23:59:59, Monday, April 3rd, 2017 (KST)
 - Your source code (a zipped file only with .h and .cpp)
 - Don't send the full visual studio solution files, binary files (some email systems may block the binary).
 - A document file (MS word or PDF) with:
 - Your student ID, name
 - Screen shot of your window.
